THE POINT(S) AT WHICH FISH AND FISH PRODUCTS MAY ENTER A CHAIN OF CUSTODY

Only North East Atlantic mackerel (*Scomber scombrus*) caught in the manner defined in the Units of Certification under restrictions detailed throughout the body of the Public Certification Reports (May 2016) for this fishery shall be eligible to enter the Chain of Custody. Chain of Custody should commence following the first point of landing, at which point the product shall be eligible to carry the MSC logo.

There are no restrictions defining 'port of landing', over and above those stated in national fishing regulations. Certified vessels may also land into other EU countries.

The Actual Eligibility Date for this fishery is the 1st of September 2015. This means that any fish caught by the certified fleet following that date will be eligible to enter the chain of custody as certified product.
